

## T. C. Soli's Bio for PCPC Webinars

T.C. Soli is a Ph.D. Microbiologist and President of Soli Pharma Solutions, Inc. ([www.solipharmasol.com](http://www.solipharmasol.com)), and has been consulting for 15 years, serving consumer products and FDA-regulated industries with training and troubleshooting expertise covering water systems, sterilization, aseptic processing, microbiological and beta-lactam contamination control, and microbiological laboratory operations. Prior to the last 6 years of full time consulting, he had 25 years of diverse microbiological, chemical, regulatory, and management experience in "Big Pharma" operating companies. During his 31+ year career he has lectured extensively at conferences, authored numerous papers and recently written several book chapters related to laboratory and water system microbiology for PDA and ISPE publications and is an active contributor to the Pharmaceutical Microbiology Forum ([http://microbiol.org/PMFList\\_info.htm](http://microbiol.org/PMFList_info.htm)). He is currently serving his third 5-year term on the USP Expert Committee responsible for Pharmaceutical Waters through which he authored the complete rewrite of what many consider to be USP's "pharmaceutical water bible", Chapter <1231>. He can be contacted directly at [tcsoli@earthlink.net](mailto:tcsoli@earthlink.net).
